A. Nature of the Relationship

On July 24, 2015, the Company's ultimate parent company, Anthem, and Cigna Corporation, ("Cigna"), entered into an Agreement and Plan of Merger, or Merger Agreement, dated as of July 23, 2015, to acquire all outstanding shares of Cigna, or the Acquisition. In July 2016, the U.S. Department of Justice, or DOJ, along with certain state attorneys general, filed a civil antitrust lawsuit in the U.S. District Court for the District of Columbia, or District Court, seeking to block the Acquisition. On February 14, 2017, Cigna purported to terminate the Merger Agreement and commenced litigation against us in the Delaware Court of Chancery, or Delaware Court, seeking damages. Also on February 14, 2017, we initiated our own litigation against Cigna in the Delaware Court. On April 28, 2017, the U.S. Circuit Court of Appeals for the District of Columbia affirmed the ruling of the District Court, which blocked our proposed acquisition of Cigna. On May 11, 2017, the Delaware Court denied our motion to enjoin Cigna from terminating the Merger Agreement. On May 12, 2017, we delivered to Cigna a notice terminating the Merger Agreement.

F. All Other Contingencies

In February 2015, we reported that we were the target of a sophisticated external cyber-attack. The attackers gained unauthorized access to certain of our information technology systems and obtained personal information related to many individuals and employees, such as names, birthdays, health care identification/social security numbers, street addresses, email addresses, phone numbers and employment information, including income data. To date, there is no evidence that credit card or medical information, such as claims, test results or diagnostic codes, were targeted, accessed or obtained, although no assurance can be given that we will not identify additional information that was accessed or obtained.

Upon discovery of the cyber-attack, we took immediate action to remediate the security vulnerability and retained a cybersecurity firm to evaluate our systems and identify solutions based on the evolving landscape. We are providing credit monitoring and identity protection services to those who have been affected by this cyber-attack. We have continued to implement security enhancements since this incident. We have incurred expenses subsequent to the cyber-attack to investigate and remediate this matter and expect to continue to incur expenses of this nature in the foreseeable future. We recognize these expenses in the periods in which they are incurred.

Actions have been filed in various federal and state courts and other claims have been or may be asserted against us on behalf of current or former members, current or former employees, other individuals, shareholders or others seeking damages or other related relief, allegedly arising out of the cyber-attack. Federal and state agencies, including state insurance regulators, state attorneys general, the Health and Human Services Office of Civil Rights and the Federal Bureau of Investigation, are investigating events related to the cyber-attack, including how it occurred, its consequences and our responses. In December 2016, the National Association of Insurance Commissioners, or NAIC, concluded its multistate targeted market conduct and financial exam. In connection with the resolution of the matter, the NAIC requested we provide, and we agreed to provide, a customized credit protection program, equivalent to a credit freeze, for our members who were under the age of eighteen on January 27, 2015. No fines or penalties were imposed on us. Although we are cooperating in these investigations, we may be subject to fines or other obligations, which may have an adverse effect on how we operate our business and our results of operations. With respect to the civil actions, a motion to transfer was filed with the Judicial Panel on Multidistrict Litigation, or the Panel, in February 2015 and was subsequently heard by the Panel in May 2015. In June 2015, the Panel entered its order transferring the consolidated matter to the U.S. District Court for the Northern District of California, or the U.S. District Court. The U.S. District Court entered its case management order in September 2015. We filed a motion to dismiss ten of the counts that were before the U.S. District Court. In February 2016, the

NOTES TO FINANCIAL STATEMENTS

court issued an order granting in part and denying in part our motion, dismissing three counts with prejudice, four counts without prejudice and allowing three counts to proceed. Plaintiffs filed a second amended complaint in March 2016, and we subsequently filed a second motion to dismiss. In May 2016, the court issued an order granting in part and denying in part our motion, dismissing one count with prejudice, dismissing certain counts asserted by specific named plaintiffs with or without prejudice depending on their individualized facts, and allowing the remaining counts to proceed. In July 2016, plaintiffs filed a third amended complaint which we answered in August 2016. Fact discovery was completed in December 2016. Plaintiffs filed their motion for class certification and trial plan in March 2017. We filed our opposition to class certification, motions to strike the testimony of three of the plaintiffs' experts and trial plan in April 2017. Prior to those motions being heard, the parties agreed to settle plaintiffs' claims for a total Anthem settlement payment of \$115 million and certain non-monetary relief. In June 2017, plaintiffs filed a motion for preliminary approval of the settlement and a motion to continue all case deadlines. In July 2017, the court granted the motion to continue all case deadlines. A hearing on the motion for preliminary approval of the settlement is scheduled for August 2017. Three state court cases related to the cyber-attack are presently proceeding outside of this Multidistrict Litigation. There remain open regulatory investigations into the incident that are not directly impacted by the Multidistrict Litigation settlement.

We have contingency plans and insurance coverage for certain expenses and potential liabilities of this nature and will pursue coverage for all applicable losses; however, the ultimate outcome of our pursuit of insurance coverage cannot be presently determined. We intend to vigorously defend these suits; however, their ultimate outcome cannot be presently determined.

There were no other significant changes to contingent liabilities since December 31, 2016 requiring disclosure.

Total assets at fair value	\$ —	\$ 7,904,666	\$ —	\$ 7,904,666

(2) Fair Value Measurement in (Level 3) of the Fair Value Hierarchy

There are no investments in Level 3 as of June 30, 2017.

(3) The Company's policy is to recognize transfers between Levels, if any, as of the beginning of the reporting period.

(4) Fair values of fixed maturity securities are based on quoted market prices, where available. These fair values are obtained primarily from third party pricing services, which generally use Level 1 or Level 2 inputs, for the determination of fair value to facilitate fair value measurements and disclosures. United States government securities represent Level 1 securities, while Level 2 securities primarily include corporate securities, securities from states, municipalities and political subdivisions and residential mortgage-backed securities. For Securities not actively traded, the third party pricing services may use quoted market prices of comparable instruments or discounted cash flow analyses, incorporating inputs that are currently observable in the markets for similar securities. Inputs that are often used in the valuation methodologies include, but are not limited to, broker quotes, benchmark yields, credit spreads, default rates and prepayment speeds.

NOTES TO FINANCIAL STATEMENTS

Fair values of equity securities are generally designated as Level 1 and are based on quoted market prices. For certain equity securities, quoted market prices for the identical security are not always available and the fair value is estimated by reference to similar securities for which quoted prices are available. These securities are designated Level 2. The Company has certain equity securities, including private equity securities, for which the fair value is estimated based on each security’s current condition and future cash flow projections. Such securities are designated Level 3. The fair values of these private equity securities are generally based on either broker quotes or discounted cash flow projections using assumptions for inputs such as the weighted-average cost of capital, long-term revenue growth rates and earnings before interest, taxes, depreciation and amortization, or revenue multiples that are not observable in the markets.

Certain financial assets are measured at fair value using Level 3 inputs, such as certain non-investment grade bonds and loan-backed securities or investments that are impaired during the year and recorded at fair value.

There have been no significant changes in the valuation techniques during the current period.
